

Introduction

BusinessSafe Online is one part of a suite of online applications developed by Peninsula Business Services to help organisations manage their way through various aspects of legislation relating to employment, health and safety, taxation, well-being, etc. When you begin the registration process and subsequently when you access the BusinessSafe Online application you will see the applications that are currently available. The system or systems that you have subscribed to will be available for you to access, all others will be 'greyed out'.

Logging on to BusinessSafe Online

Navigate to www.peninsula-online.com and select BusinessSafe (below)

You will then be prompted to enter your login details
